

NORMAL TAXED
TO ITS CAPACITYUNLESS STATE PROVIDES
MORE MONEY MAY HAVE
TO TURN STUDENTS
AWAY.

Up to Tuesday evening 1,400 students had enrolled at the Michigan State Normal college. It is expected by the end of the week that this number will be increased and that when all have enrolled there will be upwards of 1,600 in attendance. This is the largest enrollment the college has had since 1916, when the enrollment went to 1,705, and an increase over last year of better than 300. This enrollment does not include the Normal high, which has an enrollment of 144, and would bring the total up to 1,700 and better.

The registration of the four normals of the state up to Tuesday night had reached 3,520, an increase of almost 50 per cent over last year, when the total enrollment was 2,120. It is quite likely that this number will be increased 300 or 400 before the end of the week. The four normals gave out their enrollment Tuesday night as follows: Ypsilanti, 1,454; Normal high, not included; Kalamazoo, 1,472; Mt. Pleasant, 901; Marquette, 442.

By these figures it will be noticed that Kalamazoo would apparently lead the Normal here, as in the past she has included her high school in the enrollment, which the Normal here does not do. Should the Normal high be included, the total enrollment here would reach nearly 1,800 at the time these figures were given out.

It is reported that the four Michigan normals are up against a hard proposition due to the fact of the legislature making the cut in the appropriation asked for, and unless something is done in the way of raising them more money students may have to be sent home for the lack of money to meet the operating expenses. The Normal here reported to the administration at Lansing Tuesday that it would be compelled to send students home unless it can have additional instructors in physical education and English.

M. E. PASTOR LEAVES FOR
NEW FIELD.

Rev. George W. Olmstead, who has been pastor of the M. E. church here the past two years, left Saturday with his family for Benton Harbor and will then go to Marquette after attending a conference at the former place. Members of his church presented him with a substantial sum of money as an appreciation of his work while here. No services were held Sunday at the M. E. church on account of improvements being made. Rev. Dunning, who comes from Owosso, will succeed Rev. Olmstead here as pastor.

LUTHERAN CHURCH NOTES.

The Luther league will give a reception to the Lutheran students of the Normal and Cleary colleges Friday evening, Sept. 30, at the church house.

Holy communion will be celebrated at the English service Sunday morning, services to begin at 10:40 o'clock.

The Brotherhood are invited to be guests of the pastor and his wife at their next meeting Tuesday, Oct. 4.

MOTION PICTURE SERVICES.

Our picture services at the Presbyterian church are to be resumed this Sunday evening at 7 o'clock. The key picture of the evening is entitled "His Birthright." It is a modern interpretation of the Bible story of Jacob and Esau. One of Hall Caine's novels is founded upon this story of two brothers of the long ago. Mr. Elliott will speak on "A Bad Bargain—Trading a Destiny for a Dinner."

In the morning the sacrament of the Lord's Supper will be administered.

The hour of the morning worship has been changed, beginning with Oct. 2 to 10:30.

FREE LECTURE.

The First Church of Christ, Scientist, Ann Arbor, Mich., announces a free lecture on "Christian Science" by Frank H. Leonard, C. S. B., Chicago, Ill., member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass., at the Whitney theatre, Ann Arbor, Sunday, Oct. 2, 1921, at 3 o'clock p. m.

FORD TRUCK DEMOLISHED.

Tuesday a Ford truck driven by a young man named Knox, said to be of Ypsilanti, was completely demolished when hit by an east bound interurban car. Eyewitnesses to the accident said that the driver seemed to have lost control of his car, which headed for the ditch and the interurban tracks, and that he jumped from the truck just before it collided with the oncoming interurban. He escaped with a few bruises. The accident occurred just west of the golf grounds.

SUNDAY SCHOOLS TO
MEET AT KALAMAZOO

The sixty-first annual convention of the Sunday schools of Michigan held by the Michigan Sunday school association will take place in Kalamazoo Oct. 26 to 28. The Sunday schools of the northern peninsula were served by the convention held in Ishpeming Sept. 9 to 11, the Kalamazoo gathering being especially for the southern peninsula.

Thirty-two denominations are associated in Sunday school work through this organization and will probably send at least 2,000 delegates. Members of the International association staff are to appear on the program. The Wayne County Sunday School association, the local branch of the state organization, is working up a delegation for Kalamazoo and expects to arrange for a special car if sufficient members are secured.

COUNTY TEACHERS'
INSTITUTE OCT. 10

Definite arrangements have been made for the county teachers' institute that will be held in Ann Arbor high school Monday, Oct. 10.

President C. G. Pearce, of Milwaukee; Prof. M. S. Pittman, head of the rural school department Ypsilanti Normal college, and Miss Edith Thomas, in charge of the library extension service of the University of Michigan, will furnish the literary program. Prof. George Oscar Bowen, musical director of the Ann Arbor school, will lead the community singing.

There will be a noon banquet in the gymnasium of the high school. The institute is for all the teachers of the county, rural, village and city.

REUNION OF CUSTER
MICHIGAN CAVALRY

The Lansing Journal in its account of the reunion of the Custer's Michigan Cavalry association recently held in Lansing had the following to say of one of Ypsilanti's respected residents:

"A telegram was read from Florence M. Babbitt, of Ypsilanti, who was elected president of the First Michigan Cavalry association, the Broadhead regiment, expressing her regrets at not being able to attend the meeting as she is too ill to travel. Mrs. Babbitt is the only woman in the country who has ever had the honor of being president of such an association and it is the first 'military' duty she has not been able to assume."

James Kimball, of this city, is a member of the Custer Michigan Cavalry association but was not able to be with his old comrades this year. There was 84 of the old comrades present. Governor Groesbeck paid a high tribute to the grit and valor which led the Michigan cavalry brigade to victory in 58 engagements and skirmishes and assured the veterans of the respect and esteem in which the state held its heroes who helped to save the Union.

Wm. O. Lee, who has been president of the association for some time, was re-elected unanimously. His office also includes the offices of secretary and treasurer.

L. C. Kananouse was elected vice-president. The association set its meeting for 1922 for Detroit and arranged to have the session at the same time as the state encampment of the Grand Army of the Republic.

LEGALLY, DOES SMITH LIVE
HERE?

Daniel W. Smith, who purchased the old Gilbert residence on North Grove street and fixed same up in a palatial manner, is a much-talked-up candidate for mayor of Detroit. The papers of that city are devoting columns to Mr. Smith over whether he is eligible to run in Detroit for mayor, as he lives in Ypsilanti, but conducts his business in Detroit. His opponents are asking that he be barred on these grounds, and Tuesday started mandamus proceedings to compel the city election commission to take his name off the ballot. If Mr. Smith should care to run for mayor of Ypsilanti we do not believe that anyone here would start mandamus proceedings to keep his name off the ballot on account of the resident question.

FIRE PREVENTION WEEK.

National fire prevention week starts next Sunday and runs to the following Sunday, Oct. 9. The object of this week is for all to see that their chimneys are properly cleaned and that everything is done around the premises to make it safe for the starting of the winter fires. It is estimated that each year 15,000 lives are lost and \$500,000,000 in property destroyed by fires in this country.

Miss Frances Bowman is improving from her recent illness.

Ypsilanti Merchants Invite the
Public to Their Sales Day.

Wednesday and Thursday of this week the merchants of Ypsilanti are putting on a Fall Festival. On Wednesday night the big effect will be window displays, at which time each merchant will put on display in his windows fall and winter merchandise. It is expected that every business house in Ypsilanti will make some display. Last year the merchants gave a window display night and it was a success. This year it is expected that they will even make this one better. In the evening people are invited to come down town and take a glimpse of what Ypsilanti merchants have in store for them.

There will be a program given also on this evening as follows: 6:45—James Hart's Ypsilanti band at corner of Brower and Cross streets.

7:15—Band at East Cross street. Retail section.

8:00 to 9:30—Band concert in first block on North Huron street.

7:00 to 10:30—Ypsi's Own Auto Show, North Huron street.

7:00 to 10:30—Second annual window display and fall show by Ypsilanti retailers. Stores closed.

7:00 to 10:30—Exhibits of "Made in Ypsilanti" products on Michigan avenue between Washington street and postoffice.

7:00 to 10:30—Outdoor vaudeville program, including Wheeler and Hays (bicycle act) and the Edwards and Franklin Trio (acrobats and pole balancers), postoffice block on Michigan avenue.

Thursday has been set aside as Sales Day and the merchants have placed on sale for this occasion some one article in their store that will be sold at less than cost and all through the stores bargains will be found in seasonal goods that buyers cannot afford to miss. It will be an all-day feast in bargains and is expected to draw a large crowd of outside buyers.

In the evening a program will be given on the streets as follows:

7:30 to 9:30—Band concert by famous Studebaker Auto company band (40 pieces.)

7:00 to 10:30—Second night of Ypsi's Own Auto Show, North Huron street.

7:00 to 10:30—Exhibits of "Made in Ypsilanti" products on Michigan avenue; between Washington street and postoffice.

7:30 to 10:30—Outdoor vaudeville program, including Wheeler and Hays (bicycle act) and the Edwards and Franklin Trio (acrobatic and pole balancing act), postoffice block on Michigan avenue.

The Record urges its readers and its friends to be down in the business districts Wednesday night, across the river and at the Normal, and see the display windows, and believes it will be worth your while. Again on Thursday it urges you who live out of the city on the rural routes and in the adjacent villages to come to Ypsilanti to do your trading on this day and that we recommend every Ypsilanti merchant to you and know that you will get dollar for dollar in values for your money and in a lot of instances more. Again this paper invites you to come to Ypsilanti.

FRIDAY BUSY DAY IN
MUNICIPAL COURT

Friday was a busy day in the municipal court. Justice Stadtmiller began seven civil suits, four in assumpsit and garnishment, two attachment and one in assumpsit. In addition three warrants, one under the city ordinance, signed by City Health Officer Charles B. Pillsbury, who accuses Harvey James of failing to comply with an order of the board of health relative to abating a nuisance on his premises. A warrant for assault and battery was issued for Peter Golden on complaint of Claude Willis. An other warrant was issued for the arrest of Joseph Perry on complaint of George H. Jackson, colored, who accuses Perry of brutally assaulting and kicking his wife, who is in a delicate condition.

KIWANIS CLUB HEAR PROF.
PRAY.

The entire membership of the Kiwanis club at their meeting Wednesday voted to aid the police in suppressing would-be masqueraders. The oath of allegiance to uphold the law was administered by City Clerk Harvey Holmes in a body. A large number of the members signified their intention of attending the Kiwanis club convention at Grand Rapids next week. Prof. Carl Pray, of the Normal college gave an interesting talk about Samuel Adams and John Hancock.

PARENT-TEACHERS MEET.

The parent-teachers' meeting was held at the high school building Tuesday evening. There was a large turnout. A fine program was given, after which light refreshments were served. Superintendent Erickson and Principal Grimes both gave interesting talks. By vote it was decided to divide this club as it has become too large to handle.

MUSICAL PROGRAM AT THE
LUTHERAN CHURCH

The younger members of the Lutheran church gave a pleasing program of instrumental and vocal music Tuesday evening at the church house. At the close of the program coffee and cake, ice cream and cake were served, the proceeds to go toward the new church building fund.

Mr. and Mrs. George Mallion and daughter, Maxine, of Detroit, were in Ypsilanti Sunday.

RAY BATTERY DEFEATS
ELKS IN SHUTOUT GAME

The Ray Battery can now claim the championship baseball team of the county by eliminating the Elks of Ann Arbor in a one-sided game at West park, in Ann Arbor, Sunday. The Elks emerged victor from the season's games in our neighboring city but could not stand up to the local team with Rynearson on the mound.

Had Caswell of the Elks been retired and a relief pitcher sent in the score would perhaps not have been so lopsided, but Gillen had only the one pitcher and so Caswell took his punishment. For the first five innings the game promised to be a pitcher's battle, but in the sixth the Ray Battery boys found Caswell's delivery and brought in five innings the game promised to be secured five more, rested in the eighth and in the ninth made it an even dozen.

Hellenberg was the heavy hitter of the game, getting two doubles and two singles in six trips to the plate. Rynearson circled the bases in the sixth while the outfielders chased the ball across the creek. This circuit clout started the battery boys on their batting rampage. Sunday's game with the Elks is the last of the series, as it was not necessary to play two out of three to demonstrate which team was the best. The box score:

DAUGHTERS OF THE
AMERICAN REVOLUTION

The twenty-first annual state conference of the Daughters of the American Revolution will be held in Detroit Oct. 4, 5 and 6 at the Twentieth Century club house, corner Columbia and Witherell streets, which will be headquarters for all meetings. The Louise St. Clair chapter will be assisted by the Ft. Pontchartrain chapter in entertainment of honored guests, state officers, state chairmen, chapter regents, delegates and their alternates. All visiting Daughters will be welcome to the session of the state conference. The program promises to be one of unusual interest.

The state librarian, Mrs. P. R. Cleary; the regent, Mrs. E. B. Clizbe; vice-regent, Mrs. W. L. Kishlar, and many members of the local chapter will attend this conference.

ROTARIANS HEAR THE
HON. GEORGE LUSK

George Lusk, head of the state conservation department, was a guest of the Rotarians Monday at their noonday luncheon and gave an interesting talk on reforesting Michigan. He spoke of the fine state parks and told what his department was doing in the way of bringing back to natural beauty Michigan's thousands of acres of land that was not suited for agriculture. He told of Michigan's possibilities as the playground for the central states, of its 5,000 lakes and many other advantages that made it nature's park.

Judge Edward Gough, of Boonville, Ind., who is visiting his son-in-law, Clin Eckley, was present and gave a short talk, which was much enjoyed, as it had a good deal to do with "Eck." Other guests present were Harvey Holmes, city clerk; Robert Willoughby and Prof. W. B. Bowen, of the Normal.

Next Monday evening the Rotarians entertain the teachers of the city schools to a 6:30 dinner at the Normal gym.

AMERICAN LEGION
AUXILIARY MEETING

The American Legion Auxiliary held their regular meeting Friday evening at G. A. R. hall.

Mrs. Boutell gave a report of the convention at Kalamazoo. Mrs. Emens also gave some interesting items.

The object of the auxiliary is service to the disabled ex-service men.

Plans for work for the tubercular men who will be at Camp Custer after its opening were discussed.

It was decided to co-operate with the Signal Corps Auxiliary for a fair to be held the last week in November and Miss Mary Boutell, Mrs. James Riley, Mrs. Walter Stitt, Mrs. John Matthews and Mrs. W. D. Miller were appointed a committee to confer with the Signal Corps committee to make arrangements.

Mrs. W. D. Crocker's resignation as vice-president of the auxiliary was presented and regrettably accepted, and Miss Mary Boutell was elected to fill the vacancy.

Mrs. Mary Matthews was elected chaplain; Mrs. Clifford Reynolds, color bearer; Miss Hazel Stitt, organist; and Miss Grace Riley, drill captain.

It is earnestly hoped that every woman eligible to membership in the American Legion Auxiliary will avail herself of her privilege and be present at the meeting Oct. 28 at 7:30 o'clock at G. A. R. hall. No further invitation than this notice is necessary. Your help is needed for the care of disabled ex-service men.

U. OF M. TO HAVE HOME-
COMING.

October 22 has been set aside by the University of Michigan as home-coming day. The Michigan eleven will meet the O. S. U. eleven on this day and will be the day of Michigan's first conference struggle. Every effort will be made to bring back to Ann Arbor as many of the alumni as possible and all fraternities in connection with the college are being asked to make this date their homecoming date; also on this date will be the formal opening of the new stadium on Ferry field and the governors of Michigan and Ohio have accepted invitations to attend.

WOMEN'S CLUB SEASON
STARTED.

Today, Wednesday, the club season opens in Ypsilanti with a meeting of the City Federation of Women's clubs. October 5 the Women's club and the Study club will hold meetings. The Literary club will meet October 12 and the Catholic Women's club will meet October 18.

Mrs. John Boik and children spent last week in Detroit.

NORMAL COLLEGE
OPENED MONDAYLOOKS LIKE RECORD EN-
ROLLMENT—STEPS TAKEN
TO PROTECT WOMEN
ON STREETS.

The Michigan State Normal college opened Monday for the fall term, and judging from the throngs of students coming in on the trains and interurban cars there will be a record breaking attendance.

President Charles McKenny was in consultation Saturday with the mayor and chief of police relative to the policing of the streets to prevent annoyance to students. "Ypsilanti is perhaps better policed than most cities of the size, and a large majority of its citizens are law-abiding and peaceable, but in every town, city and village there will be found certain persons who persist in doing their wooing of the fair sex by stone age methods," said one of the city officials Saturday. The city officials intend to co-operate with the Normal college authorities and "fussers" and "near fussers" better beware of their conduct.

Over 40 Ypsilanti business men were sworn in as special policemen Monday and a careful watch will be made of the streets for men who are in the habit of making themselves a nuisance to girls and women. Several complaints have already been handed in where men in autos have attempted to get girls to get into cars, going so far as to run their machines in front of them on cross walks and otherwise forcing their unwelcome attention on them. This may not seem to these young men a very serious offense, but nevertheless it is mighty humiliating to a young lady to know that every time she goes on the streets she is subject to this annoyance.

FIRE DESTROYS ICE BARN.

Sunday evening the barn of the Artificial Ice company at Ann Arbor was burned, together with 11 head of horses. The cause of the fire is unknown and when first discovered was well under way. Those who first saw it are of the opinion that the fire started in the loft. Some hay and damage to harness will also figure in the loss, which is said to be in the neighborhood of \$5,000.

MEN IN CAR SHOT AT.

Last Saturday afternoon as Frank Mason and Peter Folts, of Whitmore Lake, were driving into Ann Arbor they were passed by a big touring car with four men in it. Just after the car passed them one of the men leaned out and fired a revolver point blank at them. The bullet passed between the two men, grazing Folts' cheek. Ann Arbor police were immediately notified and a close watch kept for the car, but evidently they either passed through the city before the alarm was given or took another road around the city.

NOT STOLEN HERE.

Chief of Police Connors on Monday received a letter from the chief of police at Elyria, Ohio, asking about a suit of clothes that had been sold to G. Spencer and which were found on a colored man named Ernest Little, arrested as a night prowler. After an investigation by the police it was learned that the clothing was not stolen here.

CANCER WEEK OCTOBER 30
TO NOVEMBER 5.

The National Association for the Control of Cancer is organizing the entire country for what will be known as "cancer week." The week of October 30 to November 5 is the week decided on. Public meetings will be held throughout the county at this time and speakers will be provided by the association.

NORMAL HAS GOOD FOOT-
BALL MAKINGS.

Coach McCulloch of the Normal is out every day with his football squad and from the talk of the football fans, the Normal will be represented this year by a winning team, as it is claimed by those who claim to know that the lineup is a strong one and Ypsilanti is sure of seeing some snappy games this fall.

RED CROSS WORKING FOR HEALTHIER U. S.

Thousands Aided by Instruction
in Care of the Sick, Food Selection and First Aid.

How the American Red Cross guides thousands of persons to health is shown in a summary of the society's activities in the health field based upon the annual report for the last fiscal year. Through its Nursing Service, its Home Hygiene and Care of the Sick courses, nutrition classes, First Aid classes, Life-Saving classes and Health Centers and in numerous other ways designed to acquaint masses of citizens with proper methods of living, the Red Cross carried its message of health into all parts of the country.

The work of the Red Cross during the war in its traditional field of nursing, furnishing the military and naval establishments of the nation with 19,877 nurses, is well known. And there are today 37,787 nurses registered with the American Red Cross and subject to call in emergency. During the fiscal year, 1,551 Red Cross nurses were accepted for assignment to Government service, 388 by the Army and Navy and 1,163 by the United States Public Health Service.

In addition to the nurses enrolled by the Red Cross for Government service, the Red Cross itself employed a total of 1,348 public health nurses in the United States and Europe. By far the greatest number was employed in the United States, 1,257, while 81 were in foreign service.

Home Hygiene and Care of the Sick classes, giving thorough instruction in the proper care of the sick in instances where the illness is not so serious as to require professional nursing care, during the fiscal year numbered 5,179. A statistical picture of the Red Cross operations in this field follows:

New classes formed during year 5,179
Classes completed during year 6,299
New students enrolled 101,068
Students completing course 73,432

What the Red Cross accomplished in giving proper instruction through its Nutrition Service is indicated by the following table:

New classes formed during year 142
Classes completed during year 186
New students enrolled 2,341
Students completing course 2,013

In addition to the above, a total of 22,006 children were given instruction in the proper selection and preparation of foods.

Through its 260 Health Centers, the Red Cross reached 90,252 persons. In these Health Centers, 4,015 health lectures were given and 780 health exhibits held.

In the United States last year, 75,432 persons were killed and 3,500,000 injured in industrial accidents. To prevent this enormous waste the Red Cross held 5,100 first aid classes with a total of 104,000 students enrolled.

To help overcome conditions of acute distress in five famine stricken provinces of Northern China, where millions of persons were affected by an unprecedented shortage of food, the American Red Cross during the last fiscal year spent more than \$1,200,000, \$1,000,000 of which was contributed directly by National Headquarters, and the remainder by various groups interested in the welfare of China.

Through the wide relief operations thus made possible it is estimated that more than 600,000 famine sufferers were saved from starvation.

To the end that similar prompt relief measures by the organization may always be possible the Red Cross is asking continued support by the American people by universal renewal of membership at the Annual Red Cross Roll Call, November 11 to 24.

The method of relief employed by the American Red Cross in its operations in China was particularly effective, for in addition to saving hundreds of thousands of lives it provided China with more than 900 miles of permanent roads that are sorely needed to prevent a recurrence of famine. At one time the Red Cross employed 74,000 Chinese workmen, paying them in food for themselves and dependents, this food being brought in from Manchuria and elsewhere.

Obituary

Mrs. Charlotte Wilkinson passed away at her home on East Michigan avenue Monday, Sept. 26, aged 65 years. Mrs. Wilkinson had been a resident of Ypsilanti for about five years, moving here from Jackson, Mich. Surviving are eight children, six sons and two daughters, John, Preston and Frank, of this city; Richard and Ivan, of Flint, and Garfield, of Seattle, Wash.; Mrs. George Beavers, of Jackson, and Mrs. R. A. Ford, of Leamington, Ont. Besides one brother and four sisters. A short service was held Tuesday evening from her late residence and regular funeral services were held at the home of Mrs. E. A. Ford at Leamington, with burial at Lakeview cemetery.

Christopher C. Sherwood, aged 80 years, Union veteran of the Civil war and a member of the G. A. R. post here, died at the home of his daughter, Mrs. Nellie White, Sunday night. Deceased was born in New York state and came to Michigan when a young man. He enlisted in Co. H in a New York regiment at the outbreak of the Civil war and served his country, afterwards settling down to the life of a good and useful citizen. He is survived by three children, Arthur and Mrs. Nellie White, of Ypsilanti, and Mrs. Emma Bray, of Detroit.

A DECIDED BARGAIN.

Land seekers and investors, here is something worthy of your immediate consideration. If you do not know me ask your neighbor. Established 28 years; making a specialty of selling farms; 700 papers used throughout U. S. and Canada four times a year. Have 160 acres just north of Michigan avenue, only a few rods from Warren avenue, which is now being paved; one mile from Plymouth concrete road, known as the outer belt, and less than 25 miles from city hall of Detroit; situated in Canton township, Wayne county. Two good homes, one set of buildings; could not be replaced for less than \$10,000; all black loam, the best of quality; wonderful features; every indication pointing toward a rapid increase in value, with bright possibilities of being worth four times what I am asking, which is way under present market values. Force sale; \$20,000 takes it. I do not desire to run such a bargain in my outside papers. First come, first served. Write or phone for appointment or personal interview (here every Friday) or any by appointment. Mr. McAdams, 3554 14th Ave., Detroit. Phone Glendale 1644. Six blocks north Michigan avenue.—Adv. 6-11

Funeral services were held Wednesday at 2 p. m. and burial made in Stony Creek cemetery.

Miss Ellen Horrigan, aged 69 years, died Sunday afternoon at the home of her sister, Mrs. Anna Moore, at 713 River street. Besides her sister, Mrs. Moore, she is survived by one brother, James Horrigan, of Oklahoma. The funeral was held from St. John's Catholic church Wednesday morning, with burial in St. John's cemetery.

Alonzo Landon. Alonzo Landon was buried Sunday in Soop cemetery. He was an uncle of Mrs. Frank P. Worden, of this city. He died Friday at his home in Belleville.

Mrs. Anna Clancy. Mrs. Anna Clancy, aged 60 years, of Detroit, was brought here Thursday and burial made in St. John's cemetery. Deceased was a relative of M. J. Ryan, a conductor on the Michigan Central railroad, and was well known here.

Mrs. Anna Sedlock. Mrs. Anna Sedlock, a former resident at 210 Townner street, died at the asylum in Traverse City Saturday. She was a patient there for many years. The body was brought to Ypsilanti Tuesday, with burial at St. John's cemetery.

National Notables on Red Cross Convention Program Oct. 4 to 8

COLUMBUS, O.—(Special).—To focus attention of the nation at large on the fact that it has a peace time program, fully commensurate with its wonderful war achievements, the American Red Cross has called a convention to be held in this city Oct. 4-8, at which will be presented a program of such outstanding importance in the way of personnel as to challenge attention with the biggest conventions held anywhere in years by any civic or military body.

Beginning with President Harding, who has accepted an invitation to address the opening evening session, business of state permitting, the list includes military, civic, educational and health authorities of national and international importance.

The cabinet will be represented by Herbert Hoover, who will speak on "The Challenge of Childhood in Foreign Lands." The military will be represented by General J. J. Pershing, the navy by Assistant Secretary Roosevelt, and the Marine Corps by Major LeJeune.

Governor Harry L. Davis of Ohio will extend a welcome, followed by Mayor J. J. Thomas, while Dr. W. O. Thompson, President Ohio State University, will be one of the several prominent educators, including Dr. Livingston Farrand, President-elect of Cornell University; Dr. Henry Noble McCracken, President Vassar College, and Miss Charl Williams, President National Education Association.

Other outstanding features of the program, which contemplates three sessions daily, are: "Juniors at Work in Our Insular Possessions," W. W. Marquart; "The Future Builders of the Nation," Senator Frank B. Willis, Ohio; "The Red Cross in Disaster," Robert S. Gast, Pueblo, Colo.; "The Red Cross Public Health Nurse," Miss Lillian Waid of New York; "The Red Cross and the Nation's Health," Dr. W. A. Evans of Chicago, and "Volunteer Service," Mrs. Eleanor Robson Belmont, New York.

Addresses on topics to be assigned are expected from J. G. Emery, National Commander of American Legion; W. Frank Persens, Vice Chairman American Red Cross; Miss Alice Fitzgerald, director of nursing, League of Red Cross Societies in Switzerland; Dr. Albert Ross Hill, Vice Chairman in charge of foreign operations, and, if possible, General Allenby of the British Expeditionary Forces.

Bringing the program to a dramatic and spectacular conclusion, will be a pageant written for the occasion by Ruth Mougey Worrell, visualizing the history and development of the Red Cross work and its vision of the future. It will call into service 2,500 uniformed and costumed participants, and a trained chorus of 1,000 voices supported by a band or orchestra of more than 50. The pageant will be given in the Coliseum, where the major meetings will also be held, in an auditorium capable of seating 10,000 persons.

Young America Sends Vast Relief To Needy Abroad

Various relief projects of the Junior American Red Cross in European countries resulted in helping 237,000 destitute children during the last fiscal year, according to the annual report of the American Red Cross for that period. The growth of the activities of the Juniors abroad is manifested by a comparison which shows this figure is 200,000 larger than that of the previous fiscal year.

The National Children's Fund raised by school children, members of the Junior American Red Cross, was drawn upon for \$420,557 for these projects. Receipts for the National Children's Fund during the last fiscal year totalled \$155,317.

America Succors Russians
Food, clothing and medical relief costing \$700,000 has been provided by the American Red Cross for the thousands of Russian refugees stranded last year in Constantinople and vicinity.

Red Cross Trains 147 Blind Vets In Useful Work

Training designed to fit them for the battle of life was taken by 147 blind ex-service men at the Red Cross Institute for the Blind, near Baltimore, Md., during the fiscal year 1920-1921, according to the report of the Institute for that period.

Of this number, 19 have gone on to other institutions, in almost every case to institutions where those having sight are receiving advanced education. The blind ex-service men who have entered such institutions are provided with special text-books in Braille, reading which they were taught at the Red Cross Institute.

Twelve men have passed from the Institute to successfully carry on some occupation or business for which they were fitted by special training. A few have withdrawn from the Institute because of poor physical condition, 14 are receiving further "training on the job" and 87 are still in training.

Red Cross Plans \$6,000,000 Effort To Save Children

Medical care and clothing for thousands of children in Central and Eastern Europe are outlined as the activities of the American Red Cross in Europe for the current year, says a statement on the eve of the Annual Roll Call of the organization. These activities, supplemental to the feeding operations of the European Relief Council of which Herbert Hoover is chairman, are designed to provide the most adequate and balanced relief within the resources of private philanthropy.

Through the establishment of child welfare stations in the centers of population of those countries where adequate medical care is not now obtainable, the American Red Cross plans to provide the medical assistance needed to restore these children to a normally healthy life. The sum of \$6,000,000 has been made available for this work.

TUTTLE HILL

Mr. and Mrs. W. Antcliff and Thomas O'Leary, of Brooklyn; Mrs. Nita Antcliff, of Lapeer; Mr. and Mrs. Marshall Price, of Ypsilanti, their daughter, Miss Priscilla Price, of Chicago, and their granddaughter, Miss Lottie Price, of Ann Arbor, were guests of Mr. and Mrs. W. H. Boutell at 7 o'clock dinner Monday night. The occasion was the thirty-third wedding anniversary of Mr. and Mrs. Boutell and the affair was a complete surprise, the plans being made and carried out by the young people in the Boutell home. Many pretty gifts and cards were received by the couple, with best wishes for another 33 years of wedded life.

M. P. Safford and three children, of Detroit, were guests of John Cosgrove all day Sunday. Mrs. Kate Rogers and James Quinlan and family, of Ann Arbor, were luncheon guests Sunday night.

Mrs. Henry Schneider and son, William, and sister, Mrs. Sid Millard, of Ann Arbor, returned Monday from a few days' motor trip to Chicago.

A PARAMOUNT PICTURE

One more thrilling, rollicking reason why Wallace Reid is the screen's most popular actor!

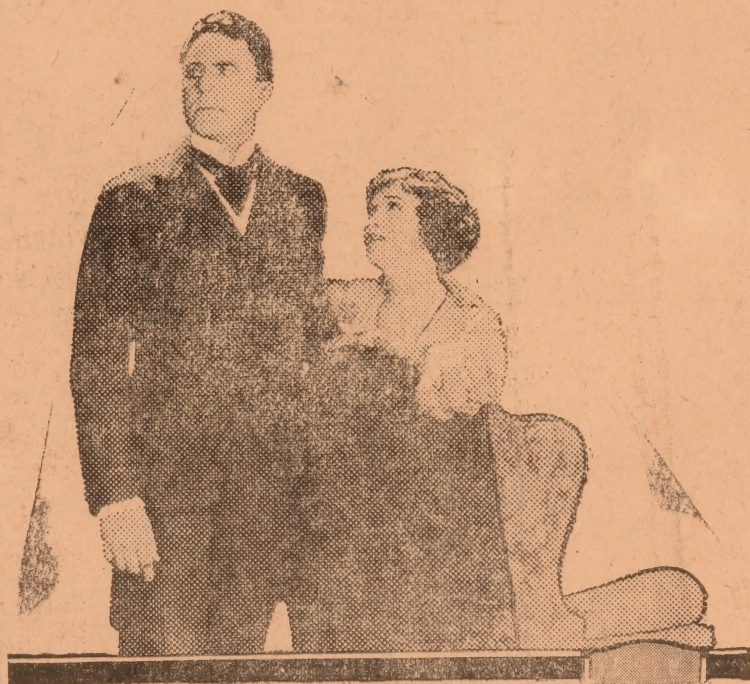

A romance of race track, love and business. Roaring with daredevil-driven speed cars; Tingling with rivalry, trickery, danger! Strewing a thousand smiles on the road of happiness.

A picture that starts the heart to thumping and gives old Father Time the laugh.

Because here is a triumph for the art that has endeared her to the world, the art that sweeps all with her through a vale of hope, heart-break and happiness.

Because even Channing Pollock, who wrote this gripping play for the stage, has confessed himself amazed at the force and truth with which star and director have transformed it to the screen—

Because every reel lifts and impels forward to a climax sheerly dramatic—

And because the simple, human emotion of woman's love is plumbed and stirred—

She Leads 37,000 Red Cross Nurses

Photo by E. F. Foley.

MISS CLARA D. NOYES, who returned only a few months ago from an extensive tour of the war-torn and disease-wracked nations of central and eastern Europe, will picture the dire need abroad, particularly among the hundreds of thousands of destitute children, in an address at the national convention of the American Red Cross, of which she is national director of nursing service. The convention will be held in Columbus, O., Oct. 4-8.

Miss Noyes is the head of the entire enlisted personnel of Red Cross nurses, now numbering over 37,000.

Fulfillment of its obligation to the ex-service men will be one of the main problems under discussion at the convention of the American Red Cross in Columbus, O., Oct. 4-8.

Many friendships which had their inception overseas are expected to be renewed when nurses who saw active service abroad during the World War and veterans of some of the hottest battles of the great conflict meet in Columbus, O., Oct. 4-8, during the convention of the American Red Cross.

The national convention of the American Red Cross at Columbus, O., Oct. 4-8, is the first gathering of its kind in any country in the world.

H. B. DICKSON, who is in charge of the national convention of the American Red Cross, to be held in Columbus, O., Oct. 4-8, is also responsible for securing ten million members for the Red Cross this year. But, having dealt with big figures most of his life, his present task doesn't bother him in the least. The Columbus convention is to crystallize interest in the nation-wide roll call.

\$10,000,000 AID FOR VETERANS

Red Cross Provides Friendly
Service of Many Kinds to
Army of Disabled.

BULK OF WORK BY CHAPTERS

2,397 of These Are Helping Ex-
Service Men Obtain Bene-
fits U. S. Provides.

One field of Red Cross service alone,
that of assisting disabled veterans of
the World War, entails expenditures
\$4,000,000 greater than the aggregate
receipts of the Annual Roll Call of
1920, the American Red Cross an-
nounces in a statement urging a wide-
spread increase in membership at the
Annual Roll Call, November 11 to 24.
At the present time National Head-
quarters and the nation-wide chain of
Chapters of the Red Cross is spend-
ing approximately \$10,000,000 annual-
ly for the relief of disabled ex-service
men and their families, while the ag-
gregate receipts from last year's Roll
Call were approximately \$6,000,000.

It is in the 2,289 of the 3,000 Red
Cross Chapters which still are helping
solve the veteran's problem of adjust-
ing himself to a normal civilian status
that the greater part of the cost of this
service is borne. Of the total sum
spent for veterans' relief last year,
National Headquarters expended a to-
tal of more than \$2,600,000, while the
remaining disbursement of approxi-
mately \$7,000,000 represents the con-
tribution of Chapters in this country-
wide effort to assist the Government
in providing the aid sorely needed by
these men and their families.

An Ever Expanding Problem
That the problem of the disabled
service man is ever-expanding and
probably will not reach the peak be-
fore 1925, is the assertion of well-in-
formed Government officials and that
2,397 Red Cross Chapters regard it
as their most important work is evi-
dence that the expansion is in nowise
confined to a particular section but is,
on the contrary, nation-wide. At the
end of the fiscal year, June 30, 1921,
there were 26,300 disabled service men
in the 1,692 United States Public
Health Service, Contract and Govern-
ment Hospitals and Soldiers Homes.

and that number is increasing at a
rate of 1,000 a month.

Thousands of these men receiving
medical treatment, compensation and
vocational training from the Govern-
ment today, started their efforts to
obtain them through the Red Cross
Chapter. The Chapter, acting as the
disabled man's agent in claims against
the Government, informs the man as to
the procedure necessary to gain for
him that which is provided him by
Federal statute. His applications for
compensation, medical treatment and
training are properly filed with the aid
of the Red Cross Chapter.

Many Forms of Assistance
If there is delay before the man's
claim is acted upon, the Red Cross
Chapter lends the man money to meet
the imperative needs of himself and
his dependents.

Most vital to the man's gaining full
benefit from the Government's care is
keeping his mind free from worry about
his home. Keeping the veteran's fam-
ily from hardship of every kind and
informing him of its welfare is an-
other province of the Chapter. Free
from fear on this score, the man's re-
covery and advancement usually is
rapid.

Every month during the last year,
the American Red Cross has given
service of one kind or another to an
average of 129,215 former service men
and their families. An indication of
the extent of the faith reposed in the
Red Cross Chapter is to be found in
the fact that there were 356,544 re-
quests for friendly aid in the solution
of personal problems.

448 Workers in Hospitals
While the man prior to entering
Government care deals largely with the
Chapter, afterward he comes into con-
tact with the service provided by Na-
tional Headquarters. There are 448
Red Cross workers in the United
States Public Health Service and con-
tract hospitals and other institutions
in which these men are being cared
for, whose duty is to provide for his
recreation, help him with his compen-
sation claims, keep him in touch with
his family; in short, meeting his every
need outside of that provided by the
Government. While these are a few
of the responsibilities of the National
Organization, they are by no means
all. Among other Red Cross accom-
plishments for the year are:

It handled 70,732 allotment and al-
lowance claims.

It delivered through its Chapter or-
ganization 63,655 allotment checks to
veterans who had moved from the ad-
dresses furnished to the Bureau of
War Risk Insurance.

It provided a special fund of \$10,000
for medical assistance to men under
vocational training.

It made \$2,495 loans totaling \$450,000
to men taking vocational training.

ADDS ANOTHER SUCCESSFUL SALE.

When Warren Lewis, real estate
salesman, successfully sold the
Martin business block on Saturday
afternoon he added one more large,
successful sale to his long list of
big sales he has so ably conducted,
and calls to the public mind that
Warren Lewis, auctioneer, has sold
many of the finest pieces of
real estate in Ypsilanti in the past
few years, some of which were sold
back when realty was at its very
lowest ebb. However, he moved
each and every one which came to
his office, and in a hurry, too, for
satisfactory prices.

Warren Lewis conducts a high
toned auction pavilion in the fifth
ward, one of our coming business
wards, and if you are contemplating
sales of any kind you will find it to
your advantage to see Warren
Lewis, auctioneer, whether it be a
private sale or by the quick action
method. He also has a convenient
auction store on wheels, which he
makes sales from in public places in
Ypsilanti. Saturday he will hold an
auction at his auction pavilion at
2:00 and 7:00 o'clock p. m., Sept.
24.—Adv.

PITTSFIELD

A very pleasant meeting of the Parent-Teachers' association of the Carpenter school was held at the schoolhouse Friday evening for improvement to the grounds of the monthly meeting. A delicious supper was served at 7:30 to about 50 members and their friends, after which the meeting was called to order by the president, Mrs. George

Chalmers. Election of officers resulted as follows: President, Mrs. Oliver Deake; vice-president, Miss Helen Geer; secretary, Mrs. George Preston; treasurer, Mrs. C. Fry. It was voted to hold the next meeting on Saturday and have an all-day meeting, doing some in the schoolyard. The ladies will serve the monthly meeting. It was also voted to hold a community Christmas dinner at the December meeting. Community singing was led by Mr.

Dan Ellsworth. A very pleasant time was enjoyed by all. Mrs. George Quinn spent Saturday in Detroit. Mrs. Joe Starks and son, Francis, of Detroit, called at the home of Mrs. Starks' parents, Mr. and Mrs. Wm. Sinclair. Mr. and Mrs. Roy Austin and family spent Sunday with Mrs. Carrie Davis, of South Huron. Ypsilanti Grange will meet with Mr. and Mrs. Grant Wilson Satur

day for an all-day meeting. Dinner will be served at noon. Miss Bess Meyers, of Royal Oak, spent the week-end with Miss Myrtle Budd. Mr. Wm. Shuttleworth is attending the fair at Grand Rapids. Mrs. D. H. Budd spent Thursday visiting at the home of Mrs. Campbell, of St. Johns street. Miss Ethel Quinn, of Detroit, spent Friday at the home of her parents, Mr. and Mrs. George Quinn. Mrs. Alex. Webb and Bobby Barr are spending a few days with Mr. and Mrs. Harold Lererett. Mrs. Roy Austin attended the Riverside Study club, held at the home of Mrs. Moore Thursday. Mrs. Floyd Budd and Mrs. Lewis Rice spent Friday in Ann Arbor.

Wet with vinegar will check the development of a boil if bound on in its early stages, and the same mixture heated and bound on a bruise or sprain is quite beneficial in reducing the swelling. Pour a little vinegar upon the stove when you are cooking onions, turnips or cabbage and it will immediately change the disagreeable odor and a few cloves mixed with the vinegar gives a nice fragrance. On arising in the morning the eyes should be bathed gently in cold water, taking care to rub toward the nose, and twenty passes are said to be decidedly strengthening, and if the eyes are irritated or sore nothing is so soothing nor so simple to use as the eye cup filled with a solution of granulated boric acid in lukewarm water. This solution applied with a feather is excellent for sore eyes in fowls of all kinds and there is nothing better for burns and all skin blemishes. A bit of cotton wet with the boric solution and placed around

an aching tooth will often give relief, and when a child's mouth is washed out daily with this solution it prevents soreness and keeps the gums healthy. A flannel bag of hot salt is very useful and comforting not only for rheumatism but for any muscular pain. Hot or cold water with a little salt added, drunk upon rising in the morning, cleanses the stomach and gives an appetite for breakfast; besides it is an effectual preventive for constipation. If mother would add a pinch of salt to the water in which an infant is washed they would find it acts as a preventive for breaking out with heat, and for grown people the benefits of a bath are also enhanced by the addition of salt to the water.

THINGS THAT HELP.

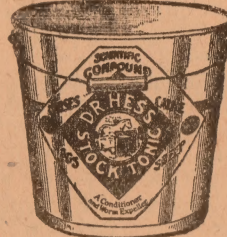

A bottle of good vinegar is very helpful in the home, for with good vinegar we have a good basis for the various salads, pickles and catsups and it is valuable in other household matters. Window glass can be made to shine by rubbing with a cloth dipped in vinegar and then polishing with a dry cloth and soft tissue paper. To give nice furniture a fine polish mix well together equal parts of linseed oil, turpentine and vinegar. Shake well and apply with a flannel cloth and polish with another soft cloth. There is nothing better to keep the hands soft and clean than a mixture of cornmeal and vinegar, used each time the hands are washed and dried. Salt

AMONG SUCCESSFUL MEN—

Among the genuinely successful men you know—what a tremendous difference from each other in personality, manner, appearance.

And yet even some of these men fail to realize that just the right clothes reinforce the individuality, which makes them distinctive.

Hirsh, Wickwire Clothes are exactly the right clothes for such men. Few custom tailors can hope to approach their expression, their easy poise, their individuality. To illustrate, whenever a hard-to-fit man first tries on the Hirsh, Wickwire model especially designed for his type, we have secured a new lifelong friend of

THE WELL GROOMED MAN HAS THE ADVANTAGE

Wherever he appears, the well groomed man possesses the immediate advantage of being attractive and pleasing to the eye—lending him poise and dominant bearing.

Hirsh, Wickwire Clothes are designed to appeal primarily to men of this type—and so have been developed to their present state of perfection, not merely to provide something better in ready-to-wear clothing, but to take the place of made-to-measure clothing.

Made from custom patterns in foreign and domestic weaves and designed to express a certain suavity of grace and bearing, Hirsh, Wickwire Clothes conform to the usages of the foremost tailors—yet one is saved the annoyance and delays of tailoring try-ons. It goes almost without saying that our offering of furnishings and haberdashery is equally acceptable to men of the finest discrimination.

RED CROSS GIVES
ANNUAL BUDGET

\$19,361,657 Allotted for Cur-
rent Program of Relief
and Service.

MILLIONS FOR VETERAN AID

Medical Aid for European Chil-
dren Will Cost \$6,000,-
000 This Year.

Washington.—Expenditures totalling \$19,361,657 for carrying through its program of relief and services in the United States and overseas are outlined in the budget of the American Red Cross for the current fiscal year. This total is more than \$5,000,000 lower than the expenditure during the last fiscal year, when the disbursements reached \$24,492,741, it is announced at National Headquarters in a statement calling attention to the necessity of continued support of the organization by response to the Annual Roll Call, November 11 to 24, if the vital work of the society is to be effectively carried on.

Outstanding among the items of the domestic budget is the appropriation of \$3,669,256 for work in behalf of the disabled ex-service man and his family. This appropriation represents the amount allotted to this work from National Headquarters only and does not take into consideration the millions being spent in chapters for relief of the World War veteran. It is in the chapter that the greater amount is spent in meeting this obligation of the Red Cross, the announcement continues, as manifested by figures of the fiscal year 1920-1921 when the total was approximately \$9,000,000, of which \$2,692,094 represented the disbursement of National Headquarters while the remainder was the chapters' contribution to this field of Red Cross service.

Vast Work for Disabled

Chief among the sub-divisions of the appropriation for work with veterans is that which concerns itself with assistance to disabled men and women in government hospitals. This item of \$1,790,000, an increase of more than \$500,000 over the appropriation for the same work in last year's budget, will provide those personal services for the disabled and their families which are indispensable to supplement those provided by the government. The director of the Veterans' Bureau has recently expressed his desire that the Red Cross should continue and extend these "humanizing services."

Other items of the appropriation for veterans' relief are proportionately increased. An additional appropriation of \$469,600 has been made for Red Cross work in connection with regular Army and Navy hospitals and with the regular Army and Navy.

For disaster relief, the Red Cross has set aside for the current twelve months an appropriation of \$543,976, virtually doubling the appropriation for the same purpose for the fiscal year 1920-1921.

More than \$2,000,000 is provided for service and assistance to the 3,600 Red Cross chapters by the national organization.

Helping Destitute Children

Other items of the domestic budget include \$498,546 for miscellaneous activities, including contributions restricted for special purposes and \$768,600 for management. Each of these items represents large reductions over similar appropriations of the previous year.

From a fund of \$10,000,000, \$5,000,000 of which was contributed through the European Relief Council campaign and \$5,000,000 allotted by the Red Cross for child welfare work in Europe, there remains \$8,765,108 still available, of which it is estimated that \$6,000,000 will be required for this work during the current year. For Red Cross participation in the joint effort to relieve famine conditions in Russia, for final work in the China famine, for Junior Red Cross and other overseas activities including the closing of the old general relief program in Europe \$4,978,000 is made available.

In announcing the national budget, the Red Cross makes it clear that the figures do not include chapter expenditures or place any cash estimate on the invaluable service of volunteers in chapters.

850 DISASTER DEATH
TOLL FOR ONE YEAR

Red Cross Gives \$1,871,000 Re-
lief When 65,000 Families
Are Made Homeless.

Forty-three disasters, resulting in the death in the United States of 850 persons and the injury of 2,500 called for emergency relief measures and the expenditure of \$1,871,000 by the American Red Cross during the fiscal year ending June 30, 1921, says an announcement based upon the forthcoming annual report of the Red Cross. These disasters caused property damage estimated at \$30,000,000, affected sixty-seven communities and rendered 65,000 families homeless.

The year's disasters were of varying types, including several which previously had never been thought of as falling within that classification. The Red Cross furnished relief in seventeen fires of magnitude, five floods, seven tornadoes or cyclones, one devastating storm, three explosions, including the one in Wall street; one building accident, two typhoid epidemics, the most serious being that at Salem, Ohio, which affected 9 per cent of the population; one smallpox epidemic, in the republic of Haiti; one train wreck, the race riot at Tulsa, Okla.; the famine in China, emergency relief in famine among the Indians of Alaska, the grasshopper plague in North Dakota and an earthquake in Italy.

Pueblo Most Serious

By far the most severe of the disasters in the United States during the period covered by the Red Cross report was the Pueblo flood early in June, 1921. The rehabilitation problem confronting the Red Cross in Pueblo was one of the most difficult in recent years. When the first news of the horror was flashed throughout the country, the American Red Cross National Headquarters responded with a grant of \$105,000 for relief work. Governor Shoup of Colorado, appreciating the long and successful experience of the Red Cross in organizing disaster relief work, placed the entire responsibility for the administration of relief in its hands.

In response to appeals from President Harding, Governor Shoup and other governors of western states and through local chapters of the Red Cross and other community organizations, public-spirited citizens brought the total contributed for Pueblo's rehabilitation to more than \$325,000.

The terrible havoc wrought by the flood waters is a matter of record. More than 2,300 homes were affected and 7,351 persons were left homeless. Estimates of \$500,000 as an absolute minimum for rehabilitation were made by Red Cross officials in charge of the relief work.

Fast Work in Wall Street

The Wall street explosion was notable in that relief workers of the Red Cross were on the scene twenty minutes after the disaster occurred. The race riot at Tulsa also was unique in disaster relief annals in that outside of a small emergency relief fund contributed by the Red Cross, the only relief measures outside the city consisted of the service of social workers, nurses and a trained executive whose object was to assist local forces in directing their own efforts.

In decided contrast with the previous year, only one tornado assumed the proportions of a major disaster. This occurred on April 15, in the border sections of Texas and Arkansas with the city of Texarkana as the center. The significant feature of this disaster relief work was the fact that it covered so much rural territory as to make necessary a large number of relief workers.

The famine in China, necessitating relief expenditures totalling more than \$1,000,000 by the American Red Cross was by far the most serious of the foreign disasters in which the Red Cross gave aid.

Builds Up Its Machinery

In connection with the administration of disaster relief measures, an increasing effectiveness on the part of the Red Cross to deal with emergencies was manifested during the past year. In 328 Chapters of the American Red Cross there have been formed special committees to survey the resources of their respective communities and to be prepared in case of disaster. In others of the 3,402 active Chapters, a network of communication has been formed through which instantaneous relief may be dispatched to any part of the United States.

That its work in this field may be continued with ever greater effectiveness, the American Red Cross is appealing for widespread renewal of membership during its Annual Roll Call, to be conducted this year from November 11 to 24.

LIFE SAVING CORPS
ENROLLMENT 10,000

Growth of Red Cross Life Saving Corps throughout the country continued unabated during the last fiscal year, a summary of the year's achievements by that Red Cross Service shows. There are now 160 Corps with a total membership of more than 10,000 members, of which 1,276 are sufficiently skilled in the work to act as examiners. Among the outstanding achievements of the Red Cross in this field during the last year was the organization at the United States Naval Academy, Annapolis, of what is perhaps the largest life saving corps in the world.

MANY AT CULLING DEMONSTRATIONS

Tuesday and Wednesday of last week six interesting demonstrations in poultry culling were held at six different farms in Washtenaw county. At each demonstration there were a number of interested people present who saw at first hand the practical application of culling methods to the development of profitable flocks.

The system of culling was carefully gone over by Mr. Foreman, of M. A. C., who conducted the demonstrations. Each person present was given an opportunity to handle the birds in order that they might become familiar with the plan of procedure in culling their own flocks. The number of people present varied from 15 to 65.

Part of the tests used in the culling work, as shown in these demonstrations, have been developed by Mr. Foreman. He laid especial emphasis on the pigmentation test, color of beaks, ear lobes and legs; second, the molting test; third, capacity test or the hen's ability for continuous production; fourth, system of measurement used to indicate present production; fifth, test to determine how often a hen had been broody during the summer. Mr. Foreman had a number of interesting charts and pictures he used in connection with his demonstrations. He emphasized the fact that no one breed was the best one to keep, and that all breeds had a good and poor egg laying strain and by the application of the tests which he used any person would be able to pick out the star boarders from their flock, which usually amounts to about 25 or 30 per cent.

It was unfortunate that Mr. Foreman could be in the county for only two days. He is scheduled continuously by the Agricultural college and during the culling season he visits practically every county in the state and handles thousands of birds.

Every person who was able to attend these demonstrations was very fortunate in being able to hear Mr. Foreman present and explain the methods of procedure which is now being used by successful poultrymen in culling their flocks.

Mr. Foreman is poultry specialist for the Agricultural college and is under the supervision of the extension service which supervises and co-operates with the county agricultural agent, says that it will visit various counties of the state.

Mr. Osler, Washtenaw county agricultural agent, says that it will be possible for him to do some culling work during the next two months. Any persons interested should get in touch with him immediately. He is anxious that where requests come in that there be at least five or six flocks to be culled in each community in order to make a full day's work.

Remarkable Coat Values

We really cannot resist calling your attention to the remarkable values in COATS which we are offering just now. Last year many women refrained from buying a coat because the prices were so high they really could not afford one.

This year all the conditions are in their favor. Prices are only about two-thirds last year's figures, and materials are remarkable for their beauty and durability. As a consequence early buying has been very large and women have been buying as they have not been buying for years.

This is a coat year, and you'll want a new coat. The logical place for you to purchase is at the store that has taken the lead in bringing prices back to normal.

horses kicked him and hurt his elbow. Someone reported to the Press that his arm was broken and that he narrowly escaped being kicked in the face. These things were not true and should not have been reported as facts until the truth was known.

Dr. and Mrs. Snow, of Northville, were over Sunday, guests of her parents, Mr. and Mrs. Gottlieb Sweitzer.

James Cosgrove, of Ypsilanti, delivered a new corn binder to Percy Ellis last Friday.

Contracts for the new Kimmel drain have been let.

Mrs. Charles Sweitzer and daughter, Mrs. Elizabeth Thumma, of Ypsilanti, were in Ann Arbor last Thursday to see Mr. Sweitzer's sister, Mrs. Phoebe Minzy, of Milan, who is a patient in one of the hospitals there, having undergone an operation recently. Although 80 years old she is getting along nicely.

Luis J. Kuhl and wife entertained their children, Frank E. Raymond, wife and baby, Carl, over the weekend.

Henry Gardner spent the weekend in Ypsilanti with his wife.

Two carloads of company came out from Detroit and spent the day Sunday at Percy Ellis.

Walter Harrington and three daughters, of Belleville, called on his nephew, Joe Shock, and family Friday evening.

About 30 attended the L. A. S. at Ed. Lyke's last Thursday, and report a very pleasant meeting, with a fine program. The next one will be held in the Free church Friday, Oct. 7. Election of officers will take place, so all members are urged to be present.

Mrs. E. L. Strang was hostess Sunday at a family dinner party in honor of her son William's 38th birthday, and also for a Mr. Wise. Wm. Strang and family and LeRoy Lewis and family, of Ypsilanti, were there.

Rev. Mitchell, the new pastor, preached his first sermon Sunday at the Free church. All who were present were very much impressed with it and gave him a hearty welcome. He comes here from Oxford, Mich. Although the friends of Rev. Edwards are sorry to see

him leave, best wishes for his success with him to his new charge at Milan.

Mr. and Mrs. Ben Dunham and son, Carter, of Plymouth, were Sunday callers at Joe Shock's.

Mrs. Herman Unger, of Detroit, was a visitor last Wednesday at the home of her sister, Mrs. Gilbert Shock. Mrs. Joy Loece and children, of Ypsilanti, also spent the day with them.

The parcel post shower planned and put into effect by Miss Irene Wilbur for her friend, Miss Jessie Bird, last Friday was a success.

There were about 30 invitations issued and all responded in a very nice manner with a miscellaneous collection of articles which will be very useful in her new home. Miss Bird is to be a fall bride. Her mother, Mrs. R. J. Bird, will entertain the elderly ladies at her home Tuesday at an old fashioned quilting

Warren Lewis, real estate auctioneer, sold the Martin block Saturday afternoon in front of a representative crowd. A number of capitalists from out of the city were present and keen observers of the clean, businesslike auction sale that he auctioneer made of the entire property. Less than one hour was consumed in all from the time Warren Lewis stepped on the auction block, following a few kind words spoken by Attorney General John P. Kirk setting forth the terms of the sale, which were practically cash. The bidding opened at \$10,000 and climbed by \$1,000 to \$16,000. At this point only a moment did the excitement of the bidding cease, as Warren seemed to have the faculty of saying the right thing at the right time, and bids of \$500 were made until the bidding had reached \$18,000. Here it hung for a short time and it seemed to the crowd that it would be impossible to get another dollar; but Warren believed it should be more. It was a mental battle between the auctioneer and the bidders and for the first time Ypsilanti saw their most advertised auction salesman get into real action. Summoning every reserve of his fertile master mind he made a stupendous effort by giving a few words of praise to his home city and its sound business, electrifying his audience, and once again he carried the bidding in \$100 raises until the sum of \$19,000 was reached, which he considered a satisfactory price, and the property was knocked down to Mr. and Mrs. Alex. Komosinski.

One thing sure, the fact remains that even in the tightest money market America has every experienced, a piece of Ypsilanti real estate in the hands of a salesman like Warren Lewis, who really knows the how to stage and conduct a large financial sale, can be converted into practically cash on ten days' notice.

For Quick Action in Selling Your Real Estate See Warren Lewis, Most Advertised Real Estate Auctioneer.

Also sells real estate by private sale or by the quick method—the public auction. Of course, if your real estate is desirable you may have no hesitancy in selling by the public sale by Warren Lewis. About two-thirds of this country's real estate is now being sold in New York city, Boston and over the eastern states by auction.

Warren Lewis, the internationally known real estate auctioneer, has sold over \$51,000 worth of real estate in Michigan since Sept. 1, 1921. Work was begun Monday morning at the Free church schoolhouse, remodeling the chimney to the furnace.

Mrs. Johnson, of Tuttle Hill, is spending some time with Mrs. Arthur Union while Mr. Union is away on a visit.

Gilbert Shock, Jr., visited his aunt, Mrs. Walter Harrington, at Belleville Sunday.

Ray Dunham and family spent Sunday with his brother, Ralph, and family, near the Hiscock school, and called on his sister, Mrs. Joe Shock, on their way home.

W. F. M. S. will meet next week Wednesday, Oct. 5, with Mrs. Nettie Pooler.

In a letter received Thursday from Arthur Union, Mr. Union says that he arrived at Barnesville, Ohio, on Tuesday at 12:30, and that he is enjoying himself very much.

Mrs. Russell Trowbridge is on the gain, we are happy to say.

Rev. G. A. Spitzer and wife, Miss Swartz, Mr. and Mrs. Tonjes, of Detroit, were dinner guests on Thursday of Mr. and Mrs. George McKim.

The assistant cook at Gottfredson farm No. 2 was called to Detroit Sunday by the serious illness of a member of her family.

Mrs. Mitchell, superintendent of the Gottfredson farms, spent Sunday in Detroit with his family.

Sunday callers at farm No. 2 were former Superintendent John Miller and wife, Mr. Munyo and wife, Mr. Gerald Hurd and family and their friends, all of Detroit; Thurman A. Walters and family, from No. 15 and the new family from No. 4, also Mrs. Jack Foskett. Later Mr. and Mrs. Miller and Mr. and Mrs. Munyo called at Jack Foskett's.

Benjamin Gottfredson sent out a new Ford touring car from Detroit Saturday for Thurman A. Walters' special use.

Mrs. Arthur Union entertained her brother, Sheldon Dunmore, and her son, Fay, and family, of Belleville, Sunday.

Grading on the Dixboro-Ann Arbor road is nearing completion.
